\$695.00 General Registration Fee 3 day
October 30, 31, November 1, 2017

There will be no refund of the registration fees.

Training

It is expected that this course will be approved for hours of continuing education credit in jurisdictions which recognize **AAVSB RACE** approval; however, participants should be aware that some boards have limitations on the number of hours accepted in certain categories and/or restrictions on certain methods of delivery of continued education. Call the SCAW office at 301 345-3500 for further information.

This workshop will help meet the requirement stated in the *Guide for the Care and Use of Laboratory Animals 8th edition, 2011* that states "All personnel involved with the care and use of animals must be adequately educated, trained, and/or qualified in basic principles of laboratory animal science to help ensure high-quality science and animal well-being". It will also address USDA/APHIS/AC Policy 15 requirement.

Meeting the Challenges of IACUC Oversight in Fish and Wildlife Research

October 30– November 1, 2017
Sheraton San Diego Hotel & Marina
San Diego, CA

This Conference is intended to foster a robust conversation among researchers, IACUC members, and government officials that will lead to more meaningful and appropriate applications of animal welfare laws in the context of wildlife research and, in turn, to improve care and use of wild animals in wildlife research.

Some topics to be discussed;

- Animal Welfare Basics
- Laboratory Animal Welfare Associations
- Fish and Wildlife Guidelines
- Key Elements of an Effective IACUC
- Active Learning Breakout Session
- Occupational Safety and Health
- Compliance Requirements
- Captive Breeding and Reintroduction of Captive Animals
- Euthanasia and Humane Killing
- Surgical and Other Invasive Procedures

This conference will bring representatives from institutions that conduct field research together with the agencies that fund, regulate, or conduct such research, and provide a unique opportunity for productive interaction and discussion of respective jurisdictions, regulations, and best practices. This conference is recommended for institutions wishing to more effectively facilitate and appropriately oversee wildlife research.

This conference will provide a forum for open discussion and exploration of common issues and best practices.
